 0682 # XII. EARTH AS THE INCARNATIONAL PROVING GROUND
 0683
 0684 Earth is the dielectric-conductive boundary manifold and material closure layer within the larger solar-terrestrial field. Symbolically, it is the plane where celestial orientation must become body, relationship, work, consequence and return.

 0695
 0696 Earth asks:
 0697
 0698 * Can revelation become conduct?
 0699 * Can abundance become stewardship?
 0700 * Can force become service?
 0701 * Can beauty become peace?
 0702 * Can mysticism retain discernment?
 0703 * Can transformation produce repair?
 0704 * Can knowledge complete its return?

0736 Phase	Holographic Function	Earthly Use
0737 -----	-----	-----
0738 IC	Receive and root	Home, restoration, prayer, nervous-system regulation
0739 Venus	Harmonize	Beauty, relationship, reciprocity, embodied grace
0740 Jupiter	Magnify	Teaching, ministry, blessing and expansion
0741 Mercury	Translate	Writing, commerce, communication and codex work
0742 Sun	Reveal	Leadership, visibility and mission radiance
0743 Mars/Saturn	Test and build	Discipline, labor, structure and embodiment
0744 Return	Reintegrate	Rest, review, gratitude, repair and closure

0790 * What was observed or measured?
0791 * What controls were used?
0792 * What ordinary causes remain?
0793 * What replicated?
0794 * What remains unknown?
0795
0796 ## Christic Gate
0797
0798 Ask:
0799
0800 * Does it increase truth?
0801 * Does it strengthen love?
0802 * Does it preserve free will?
0803 * Does it reduce fear and domination?
0804 * Does it cultivate humility?
0805 * Does it produce service?
0806 * Does it return the person to responsibility and peace?

0850 2. Through which planetary lens was it refracted?
0851 3. What distortion entered the field?
